TASMANIAN TRANSPORT ASSOCIATION

ABOUT

The recognised peak industry body for freight transport across modes in Tasmania, the Tasmanian Transport Association advises, assists and represents our members and the broader industry in the pursuit of a safe, productive, sustainable, fair and environmentally responsible transport system.

TTA represents and advances member interests in local, state and national forums and host key annual events and conferences for the benefit of our members.

The Tasmanian Transport Association is a public company limited by guarantee and registered under Corporations law. Its members are transport operators, warehousing and storage businesses, freight forwarders and shippers, ports and rail operators, and industry suppliers operating in Tasmania. The TTA maintains close links with similar organisations and associations in other states and at a National level.

The TTA is committed to promoting efficient, effective transport operations to, from and within Tasmania by influencing both the regulation of transport and the provision of transport infrastructure.

The TTA provides members with key connections, the most up-to-date, relevant information about transport and logistics on a local, national and global scale and effective advocacy. We provide these services to our members to support them with compliance and safety and to improve their productivity and professionalism. The TTA works to support members to develop and maintain a rewarding and sustainable engagement in the Tasmanian transport industry.

TTA was incorporated in 1960, but traces back to 1923 and the establishment of the Motor Carriers Association.

VISION

Safe, productive, profitable, sustainable, and environmentally responsible freight supply chains facilitating trade to, from, and within Tasmania.

PURPOSE

We serve our members and the broader transport community to enable them to provide best practice, safe and responsible freight transport services for the benefit of Tasmanian people, businesses, communities, and the economy.

CURRENT TTA BOARD

The TTA Board is comprised nominees with strong transport and logistics experience, who meet quarterly to give direction to the activities and work stream for the TTA

VALUED INDUSTRY PARTNERS

An essential service provider, transport and logistics underpins and enables economic growth, Tasmanian businesses, communities, and the standard of living for all Tasmanians.

Transport and logistics is the backbone of the Tasmanian economy, facilitating growth in key sectors of construction, agriculture, aquaculture, mining, forestry, and exports.

As an island state, an efficient freight network within Tasmania, both road and rail, and connections with intra and interstate ports and freight hubs is critical to the continued economic prosperity of Tasmanian businesses and the standards of living for all Tasmanians.
